Careers at the Leading Edge

Altera was founded in 1983 in Silicon Valley, California, employing approximately 3,000 people in over 20 countries worldwide. It is a leading supplier of FPGA, SoC, CPLD and complementary technologies serving more than 12,000 customers globally.

A career at Altera means contributing to leading-edge technology that can change the world. We have created an exciting place to work by hiring top talent, offering career growth opportunities, and providing an environment that fosters innovation, collaboration, and diversity.

Are you ready to challenge yourself at the leading edge? We would like to meet you!
